

WEST RANCH

<https://www.westranchfootball.org/>

DEAR POTENTIAL DONOR,

As you may know, the landscape of high school sports has dramatically changed in terms of funding. In fact, all sports programs are self-funded by their respective booster clubs. As such, we are asking for your participation in donating to the West Ranch Football Booster Club. Our student athletes are in need of financial contributions.

We are currently in the process of making some necessary program safety and modernization purchases (helmets, guardian caps, equipment bags, and bringing the weight room up to today's standards). To achieve our goal, we are reaching out to community members and businesses, such as yourselves, to help provide that support through donations.

Here are a few ways your company can support West Ranch:

Cash donations

Purchasing a sponsorship package

Donating food, items, gift cards & services for silent auctions and team meals.

Sponsoring events (TBD).

Our Booster Program is registered as a 5013(C) non-profit business (TIN# 33-1090936.) All our community supporters can utilize donations as a tax write-off!

Please know that your contributions are highly appreciated and go towards positively impacting our football program. We look forward to continuing to build strong ties with our surrounding community and are grateful for your support of West Ranch High School.
